

# Communications Updates - April 2008

DeColores!

This year has been especially challenging as we have started down several paths to enhance our community information files and communication tools. While we are in the 21<sup>st</sup> century, we still need to inform those in our community that are not using computers and advanced technology for communications and this has it's challenges and costs.

We have had to verify our mailing list as to accuracy to curtail costs in mailings, a function foregone for two years as the costs were prohibitive. Mailing out 2500 first class letters costs a bundle. However, we were able to take advantage of a change in Post Office policy that allowed us to mail out the letters at bulk rates and receive back rejects at the normal rate of postage. This cut the expense in half or better. Our results showed we had 356 rejects. Some were returned with forwarding addresses and some were found to have small errors in their address that kicked them out of the automated Post Office system. Two people on Secretariat had bad addresses where one digit in the house numbers was in error. We were also informed several of the "Lost Sheep" had gone home to heaven. Our membership files never drop anyone unless they go home to heaven and even then they remain in the "List of Gone Home to Glory"

The general purpose for this is an all out quest is to populate the new information system with as accurate data as possible. We will also need team rosters for weekend's One through number 22. Please take the time to copy any old directories so we can use them to set the teams in the files as to who did what. Accurate names and positions are critical Thanks to all who have contributed so far and if you do have old directories and want to copy them please send them to me so I can delve them out to be entered. I can not guarantee that they will be returned so copies are recommended. Attached here is the list of names we are seeking. If you know these people, please contact us and let us know their correct information or contact them to send their correct address to us by email or note, so we can maintain them correctly in the Roster.

Send an email to Charles Tucker – Communications [ctucker@sonbeamvdc.org](mailto:ctucker@sonbeamvdc.org) with how you can assist.
